

The hottest topic facing the industry!

Following successful events in Brisbane (2015), Sydney (2017), & Melbourne (2019), CIGRE is pleased to confirm the 4th CIDER event. The Conference on the Integration of Distributed Energy Resources for the Asia Pacific region will be held in Adelaide, 10th and 11th May, 2022.

CIDER is brought to you by the CIGRE Australia C6 Panel, Active Distribution Systems and Distributed Energy Resources.

Get the technical solutions you need

CIDER is the ideal forum to get the know-how you need in this rapidly emerging space.

The conference focuses on creating a forum to facilitate practical information sharing between utilities, product manufacturers and communities. It sets out the challenges and opportunities presented by these technologies and will help us all build a road map for workable technical solutions.

QUALITY PRESENTATIONS including KEYNOTE SPEAKERS

Brendon Hampton, Manager Network Strategy, SA Power Networks : - South Australia - The Heart of the Distributed Energy Future.

Bruce Bennett, Manager Connection and Access, AGL: ESCRI/Dalrymple grid-forming battery

So if you want better knowledge of how DER will work in our existing and future electricity networks get along to CIDER 22, the hottest topic facing the industry!

CIDER22 - 10th and 11th May, 2022
Stamford Grand Adelaide Hotel
2 Jetty Road, Glenelg, SA, Australia

WHY IS CIDER UNIQUE?

CIDER has been created to facilitate practical conversations and information sharing between utilities, product suppliers and communities; about the challenges and opportunities presented by distributed energy resources (DER) leading to practical, workable technical solutions for integrating DER into both existing and future electricity networks.

Event Includes:

Panel Session: Microgrids - Hype, Hope or Here to Stay?

Chaired by Jenny Gannon, Manager Generation and Customer Standards, Energy Queensland

Presenters include:

- ❖ Professor Pierluigi Mancarella, Chair of Electrical Power Systems, University of Melbourne
- ❖ Albert Pors, Power Quality and Reliability Planning Manager, Endeavour Energy
- ❖ Sean Elphick, Research Coordinator, Australian Power Quality and Reliability Centre, University of Wollongong
- ❖ Dr Wai-Kin Wong, Senior Manager Grid Scale Technologies, AGL

Plus, engineers from major utilities, vendors and consultancies will share expertise on the latest trends on this hot topic.

FEATURES:

Function and informal dinner on Tuesday evening 10th May. The informal format of the social event will provide a great opportunity for further industry networking.

A CIGRE Next Generation Network (NGN) event featuring young and emerging leaders from the DER and renewables industry, will be held on the Tuesday afternoon. CIGRE NGN is a division of CIGRE Australia that aims to develop the next generation of power engineering professionals.

Tues 10th May 9:00 to 5:30 Conference followed by a networking dinner.

Wed 11th May 9:00 to 5:00 Conference

WHO SHOULD ATTEND

- Utility companies
- Distributed energy generators/proponents
- Community/Energy stakeholders/developers
- Industry consultants
- Academics
- Product suppliers
- Regulators and policy makers

INVESTMENT

DATE 10th and 11th May, 2022				
COST incl GST		Early Bird*	Normal	5 or more registrations
	CIGRE	\$900	\$1100	10% Discount
	Non member	\$1235	\$1435	10% Discount
	NGN & Student	\$500	\$700	NA
VENUE		Stamford Grand Adelaide Hotel, 2 Jetty Road, Glenelg, SA, Australia		

(Attendees to make their own accommodation arrangements). *Registrations are now open with a special early bird rate until 10th March, 2022.

- Registration includes morning/afternoon tea, lunch and the networking dinner.
- Additional networking dinner attendees are an additional \$125 per person.
